- ❖ R50 once off activation bonus
- ❖ R20 ongoing monthly for life as long as the plan stays active
- ❖ R20 in pure silver ongoing monthly as long as the plan stays active

EMOBILE

More Than Just A Network

20/20 vision

To create an income of over R36000 per month for life, within 30 days is possible in three easy steps with our 20/20 vision.

Step 1 Within the first 20 days after activating yourself, make sure you activate 20 new clients.

Step 2 Start a WhatsApp chat group with your 20 clients and make them the most important people for the next 10 days

Step 3 Utilize the remaining 10 days of the month to train and assist your 20 new clients to activate their own 20 clients and in turn they do the same.

20/20 vision

The 20/20 vision works on the principal of 20x20x20 down three tiers, this would give you a total of 8420 clients you will earn from on a monthly basis. The split over the three tiers is as follows

Tier 1 - R10

Tier 2 - R6

Tier 3 - R4

Within 30 days you have now successfully created a business that will give you reoccurring income for life without having to do another days work. Just sit back relax and watch the money roll in.

Income Breakdown

Example 1

Let's say you activated 20 clients on the Gold plan, your income will be as follows if you implement the 20/20 vision.

Your once off bonus would be $R50 \times 20 \text{ clients} = R1000$ paid directly to your bank account. Your monthly income over the three tiers would be as follows.

Tier 1 Twenty clients $\times R10 = R200$ monthly

Tier 2 Four hundred clients $\times R6 = R2400$ monthly

Tier 3 Eight thousand clients $\times R4 = R36000$ monthly

Total monthly income R38600

Please remember we charged R269 for which we returned to everyone the value of over R5000.

We also paid you R1000 in activation bonuses. The R20 we are splitting comes from the profit of emobile.

Silver Wallet

Additional to the cash component on the gold plan you also receive R20 in pure silver, this is also paid out via the three tiers exactly like above.

This now equates to an additional R38600 monthly income. This income gets allocated to your silver wallet in your back office.

The SMS program (support my school)

1. SafeLearn bundle
2. SafeLearn+ bundle

These are the two school bundles. By becoming a school activating agent you will earn as follows:

Lets say a school has 1000 learners and activates all of them, you as the agent will now earn the following:

R50 once off x 1000 learners = R50000 once off

R20 monthly reoccurring x 1000 learners = R20000 monthly

The school earns R20 x 1000 learners monthly reoccurring = R 20000

By activating 10 schools you will earn R500 000 once off

And R200 000 monthly
